SUMMARY

Frontend engineer building production interfaces since 2022: Next.js 16 dashboards and admin consoles, marketing sites, and design-system components, with the backend knowledge to wire them to real APIs. I design in Figma and care about motion, accessibility, and performance.

SKILLS

Core	TypeScript, JavaScript, React 19, Next.js 16 (App Router, Turbopack), Vite, Angular, Astro
UI	Tailwind, Shadcn UI, HeroUI, Radix UI, Framer Motion, GSAP, Three.js, Recharts
State and data	Zustand, Redux Toolkit, TanStack Query/Table, React Hook Form, Zod
Quality	Playwright, Vitest, ESLint, Biome, accessibility, GA4 and consent-aware analytics
Also	Bun + Hono APIs, Flutter, React Native, Figma

EXPERIENCE

Independent Software Engineer · freelance and contract	Jun 2022 to present
Swalook CRM · Full-Stack Developer	Jan 2026 to present
- Led a ground-up rebuild into a Next.js 16 Turborepo, including a multi-tenant super-admin with role-based access. - Built the SEO-optimized landing page with Framer Motion on Next.js 16 and React 19.	
Aviz Health · Full-Stack Developer	Dec 2025 to present
Built the Next.js 16 admin console (HeroUI, Recharts, Zustand) for a three-app healthcare ecosystem live on Google Play.	
Genuinest · Founding Engineer (Contract)	Jan 2026 to present
Architected the core Flutter app: Riverpod, GoRouter, Dio, Hive/SQLite offline storage, and FCM push. Earlier clients: Aorta, BhawBhaw, Niti Health, Dpizza Time (hotel, pet-services, healthcare, food apps).	
Thhiya · Full Stack Developer	Nov 2025 to Jun 2026
- Built a partner-discovery and compliance platform from scratch: React 19 and TanStack Query on Bun + Hono. - Shipped consent-aware GA4 analytics with custom lead, form, scroll-depth, and engagement events. - Built SEO-optimized country pages, provider listings with advanced filtering, and a payroll calculator.	
School Of Hatha Yoga · Web Developer	Aug 2024 to Feb 2025
React 18, TypeScript, and Framer Motion site on a Hono API with JWT auth and Zod validation.	
The Neural Networker · Web Development and React Native Intern	Jun 2025 to Nov 2025
AI-integrated Next.js and React Native interfaces; MongoDB index tuning for 30% faster analytics dashboards.	

PROJECTS

Tenet PG Management. Next.js 16 dashboard with TanStack Table and Query, drag-and-drop (DnD Kit), Recharts, and four switchable themes; Playwright and Vitest coverage.

Ambica Impex. Export/import ERP in a Bun Turborepo: Next.js 16 storefront with Three.js and GSAP, admin with Excel export and PDF invoices, Hono backend.

jayptl.me. Hand-written HTML, CSS, and JS portfolio: two themes, reduced-motion fallbacks, consent-gated analytics, strict CSP, markdown companions for agents.
